

## RECEIVE A WORLD CLASS EDUCATION AT THE DESTINATION OF YOUR CHOICE

Win a Trip to a WCLI Laser and Digital Imaging Symposium or to an Advanced Laser Training Course

The World Clinical Laser and Imaging Institute is a closely knit network of thousands of dental professionals who share a passion for improving the patient experience and building the best possible practice.

The WCLI Institute has scheduled Laser and Imaging Symposiums worldwide — select the training course to enhance your practice growth!

### TRAINING HIGHLIGHTS:

- **Personal, hands-on instruction** for lasers, 3D CBCT, digital impressions and CAD/CAM.
- **Repeatable laser protocols** for laser-assisted periodontics, endodontics and much more.
- **Unique, diode laser training** on pain therapy, whitening and surgical applications for dentists and hygienists.
- Knowledge on how to **effectively promote your practice** by learning unique services in Cosmetic and Pediatric Dentistry.

Dentists Cannot Afford to Miss this Educational Opportunity On the Latest Trends in Dentistry — Sign Up for a WCLI Institute Training Today!

\*No purchase necessary in order to enter. You must be a licensed, practicing dentist to enter. You must sign up for a booth appointment prior to the day of your appointment. Participation in a product demonstration may be required. A Biolase representative must scan your badge to be entered. Upon meeting the above requirements, your name will be entered in a drawing to be conducted by Biolase officials, along with the names of other participating dentists. Odds of winning depend on the number of entrants. Biolase reserves the right to award no prize if fewer than 50 entries are received during 2014 CDA meeting. The drawing to select the prize winner will be held on May 20, 2014 and the winner will be notified the same week. Winner will receive a 2014 WCLI Institute Symposium tuition for (1), plus travel accommodations for (2) (flight and hotel room only). Or the winner may choose to attend a WCLI Advanced Training Course pending that they are a current Biolase customer who has already participated in a Certified Training Course. Up to a \$4,000 in value will be covered. ©2014 BIOLASE, Inc. All rights reserved.

# THE TOTAL PERIODONTAL SOLUTION

BEFORE

3 YEARS AFTER

## TREAT EVERY LEVEL OF PERIODONTAL DISEASE.

Periodontal Disease Severity	GINGIVITIS	SLIGHT PERIODONTITIS	MODERATE PERIODONTITIS	SEVERE PERIODONTITIS
<b>BIOLASE Total Solution Periodontal Treatment Protocol</b> ▶	✓	✓	✓	✓

Grow your practice with *complete* laser periodontal therapy - WaterLase Assisted Periodontal Therapy – and increase revenue and patient satisfaction.

**Comprehensive training** by esteemed periodontists included with your purchase.

**Technologically superior by design:** radial firing tip provides better access to narrow periodontal pockets and more efficient irradiation of disease or inflamed soft tissue and calculus deposits.

**True all-tissue laser:** dual wavelength increases procedures that can be performed – eliminating the need for multiple lasers and simplifying your operator.

**Enhanced ROI:** adding WaterLase Assisted Periodontal Therapy can help increase revenue by offering patient friendly laser procedures.

## WHY SETTLE FOR A ONE-WAVELENGTH LASER WHEN TWO CAN DO MORE.... FOR LESS!

*"Deep Pocket Therapy is a highly effective, more aesthetic and more comfortable alternative to traditional surgical procedures for my patients,"*

- Bret Dyer, Periodontist | Sugar Land, TX

Schedule your appointment during the CDA to explore the benefits of the Waterlase iPlus.
