

Increase Productivity, Attract New Patients and Expand Your Procedures.

Learn About the Latest Advances in Laser Technology

Intro to Lasers — Free Half-Day Seminar

Thursday, March 13, 2014 • 6:00 PM - 9:00 PM

The Westin Edmonton | 10135 100 St. | Edmonton, AB

This free event is your opportunity to expand your knowledge as you consider one of the latest trends in dentistry. Understand how lasers can enhance the dental experience for your patients and your practice.

Learning Objectives:

- + Learn the different all-tissue and diode lasers on the market today and how they compare.
- + Understand how lasers can increase your daily efficiency and enhance your clinical results.
- + Learn how lasers can grow your practice revenue.

Featuring Leading Laser Lecturer Dr. Tim Kearns

Dr. Tim Kearns, a Calgary native, graduated from the University of the Pacific in 1993 and has been practicing general dentistry since then. Tim's particular areas of interest include: Orthodontic, Dental Implants, TMJ Disorders, and Cosmetic Dentistry. Tim is a certified instructor for the IAO (International Association of Orthodontics) and lectures on a regular basis in orthodontics, laser and implant technologies and methodologies.
