## RECEIVE A WORLD CLASS EDUCATION AT THE DESTINATION OF YOUR CHOICE

The World Clinical Laser and Imaging Institute is a closely knit network of thousands of dental professionals who share a passion for improving the patient experience and building the best possible practice.

The WCLI Institute has scheduled Laser and Imaging Symposiums worldwide — select the training course to enhance your practice growth!

### TRAINING HIGHLIGHTS:

- Personal, hands-on instruction for lasers, 3D CBCT, digital impressions and CAD/CAM.
- Repeatable laser protocols for laser-assisted periodontics, endodontics and much more.
- Unique diode laser training on pain therapy, whitening and surgical applications for dentists and hygienists.

# WANAP

## WaterLase Assisted New Attachment Procedure

Bret Dyer, DDS, MS

Rana Al-Falaki, BDS, MFDS RCSI

*"WANAP is a highly effective, more aesthetic and more comfortable alternative to traditional surgical procedures for my patients."*

**Dr. Bret Dyer** • Sugar Land, TX

**Comprehensive training by highly experienced laser periodontists** with your purchase.

**Technologically superior by design:** radial firing tips provide better access to narrow periodontal pockets and more efficient irradiation of diseased and inflamed soft tissue and calculus deposits.

**Enhanced ROI:** adding **WANAP** can help increase revenue by offering patient friendly laser procedures.

*Why settle for a one-treatment laser when WaterLase iPlus can do more... For less!*
